The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 50-53, 56-58, 61,62,64,65,67,74-80 and 82 are rejected under 35 U.S.C. 103(a) as being unpatentable over AAPA in combination with Yamada '179, Inoue et al '206, So et al '905, Garcia et al, Farber et al '684 and further in view of Satoh et al and Sakata et al '584.

The rejection is maintained as stated in the office action mailed 1/11/05.

Claims 54,55,59,60,63,66,68,69-73,79 and 81 are rejected under 35 U.S.C. 103(a) as being unpatentable over AAPA in combination with Yamada '179, Inoue et al '206, So et al '905, Garcia et al, Farber et al '684, and further in view of Satoh et al and Sakata et al '584 and further in view of Montgomery et al.

The rejection is maintained as stated in the office action mailed 1/11/05.

Applicant argues in general with respect to each reference relied on that the reference does not disclose performing the process for the same reasons as applicant, obtaining the same results as applicant discloses or that the reference does not disclose the entire invention. However, none of these are necessary for a rejection to be a valid rejection under 35 USC 103. Furthermore, the references are analogous because they are all directed to semiconductor manufacture and either the same process as the others or directed to solving the same problems as the other references.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
